

The Dragon of Time

She is very tall and very strong, too.

Her superpowers are amazing !!!!!

She can control the 4 elements, control the time (sun, wind ...) and (past, present and future) and she can read minds but she can't cling to walls.

She does not have color, she can change color (so become invisible).

Her wings are huge, so she can fly.

Her tail and her back are armed with prickles.

She has long claws.

Her most dangerous enemy is the Viper Dragon.
